NOTICE OF INTENT TO ISSUE A PLAN APPROVAL
AND AMEND A TITLE V OPERATING PERMIT

Notice is hereby given in accordance with 25 Pa. Code §§ 127.44(b) and 127.424(b), that the Department of Environmental Protection (DEP) intends to issue a plan approval to Monroe Energy, LLC, 4101 Post Road, Trainer, PA 19061, for its refinery in Trainer Borough, Delaware County. The facility currently has a Title V Operating Permit No. TVOP-23-00003. The provision of this plan approval will subsequently be incorporated into the Title V Operating Permit through an administrative amendment in accordance with 25 Pa. Code §127.450.

Plan Approval No. 23-0003AB is for the installation of an Ultra-Low Sulfur Gasoline (ULSG) unit to meet the U.S. EPA Tier 3 Motor Vehicle Emission and Fuel Standards rule. This project itself will result in a NOx emission increase of 23.28 tons per year and a VOC emission increase of 14.37 tons per year. The contemporaneous emission increases make this project subject to the requirements of 25 Pa. Code Chapter 127, Subchapter E - New Source Review. Further details on the installation are available upon request.

Based on the information provided by the Applicant and DEP's own analysis, the project will increase emissions of 23.28 tons NOx per year. The required ERCs are 34.0 tons NOx to offset the contemporaneous net NOx emission increase of 26.32 tons.

Copies of the application, Draft Plan Approval and other documents used in the evaluation of the application are available for public review during normal business hours at Southeast Regional Office, 2 East Main Street, Norristown, PA.

Interested persons may submit written comments, suggestions or objections concerning the proposed Plan Approval to the regional office within 30 days of publication of this notice. Written comment submitted to the Department during the 30-day public comment period shall include the following:

Name, address and telephone number of the commentator.

Identification of the proposed Permit No. 23-0003AB.

A concise statement regarding the relevancy of the information or objections to the issuance of the permit.

A public hearing may be held, if the Department of Environmental Protection, in its discretion, decides that such a hearing is warranted based on the comments received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or the Pennsylvania Bulletin or by telephone, where DEP determines such notification is sufficient. Written comments or requests for a public hearing should be directed to Mr. James Rebarchak, Regional Manager, Air Quality, Department of Environmental Protection, Southeast Regional Office, 2 East Main Street, Norristown, PA 19401, Telephone No. 484-250-5920.
